Instantly combine your videos, photos, music and stories into a stunning movie masterpiece. Just talk and tap to create the perfect video.

Video Tutorial

CURRICULUM AREA

LESSON DESCRIPTION

Math	Students demonstrate how to solve a multi-step word problem.
Reading:	Students draw 3 pictures that describe what happens in the beginning, middle, and end of a story. Take pictures of the drawings and narrate to create video summary.
Writing	Explain each stage of the writing process or define the 6 traits of writing.
Science	Explain each stage of the water cycle, life cycle (butterfly, frog, plant), nitrogen cycle
Social Studies	Assign students a different Texas Indian tribe to research and present to class.
Music	Research the life of a composer and his contributions to music.
PE	Explain the rules for different sports. Name the major bones of the body.

AppSmashing Ideas:

Use Skitch to annotate on top of an image of the water cycle. Import the image into Videolicious for narration. Post the final product to your Edublog or Wordpress site directly from your iPad.
